BlackBerry 8830 World Edition

FEATURES	BENEFITS
CDMA World Edition	
The BlackBerry 8830 is the first CDMA BlackBerry smartphone capable of roaming globally on GSM/GPRS networks.	Travel around the world with full mobile voice and data coverage, without having to change smartphones, phone numbers or email addresses. Your BlackBerry 8830 smartphone is designed to help you get more done, virtually anywhere life takes you.
Phone	
Voice Activated Dialing (VAD), smart dialing, conference calling, mute button, speed dial and call forwarding	Provides intuitive call management.
Built-in speakerphone	Allows hands-free phone calls and convenient conference calls with excellent sound quality.
Bluetooth-enabled	Enables hands-free dialog via headsets and car kits.
Exceptional battery life	Up to 220 minutes talk time and 9 days standby time[2]
Email and Text Messaging	
Multiple email account integration	Manage multiple email accounts with the BlackBerry 8830, including your corporate[6] email account. Each mailbox is automatically updated wherever you send, delete, file or read messages on the BlackBerry smartphone.[7]
Push-delivery technology	Receive your work and personal emails without effort. Messages are delivered automatically to your smartphone.
Send and receive text messages (SMS and MMS)	Communicate on the go with contacts who are using phones or other mobile devices that support SMS or MMS.
View attachments	Open popular document and graphic attachments, such as JPEG, Adobe® PDF, Microsoft Word, Microsoft Excel and Microsoft PowerPoint®.
New, optional BlackBerry email address	Choose a unique BlackBerry email address just for your smartphone.
Easy email setup directly from your BlackBerry 8830 via the setup wizard	Setting up your BlackBerry smartphone to send and receive email is quick and easy. And it's just a few clicks away.
GPS (Global Positioning System)	
Built-in GPS	Pinpoint your geographic location. Use the built-in GPS with add-on location-based applications and services for an enhanced navigation experience, employee and resource management, social networking and more.
Instant Messaging	
Instant messaging (IM) on your BlackBerry 8830	Stay in touch with all your IM contacts on popular IM communities and corporate instant messaging systems.
Organizer	
Calendar, memo pad and task list	Stay on top of your day – wherever it takes you.
Integrated address book	Quick access to contact information. Email, text and place phone calls directly from one centralized address book.
Desktop PIM synchronization via USB	Synchronize information between your PC or Mac desktop and your BlackBerry smartphone, including calendar, address book, tasks, memos and more.
Browser	
HTML browsing	Delivers a dynamic, highly responsive Internet experience.
Bookmarks	Save bookmarks for one-click access to favorite sites.
Multimedia	
Media player[8]	Plug in a stereo headset, then kick back with your favorite tunes – or watch a news or sports clip while you're catching a flight or your train in to work.
Transfer files via USB and Bluetooth	Transfer media files between your smartphone and your desktop computer easily via the USB cable or Bluetooth technology.
Fun 'n Stuff	
BlackBerry® Authentic Accessories[9] including fashionable carrying cases, batteries and multiple charging solutions. Wallpapers. Ringtones. Add-on applications for both entertainment and personal productivity.	Customize the BlackBerry 8830 to match your life. And make your smartphone truly your own.
Enterprise Ready	
Use it with the BlackBerry Enterprise Solution	The BlackBerry 8830 can work with your organization's BlackBerry Enterprise Solution to provide enterprise class functionality, including advanced security features, push delivery of data from corporate applications, remote address look-up, wireless synchronization with corporate PIM tools and single mailbox integration. Plus, unlike traditional mobile phones, the BlackBerry 8830 can be centrally managed and supported by IT departments.

For more information visit www.blackberry8830.com

MMS, GPS and tethered modem features are currently not available on TATA Indicom services for BlackBerry® 8830 Smartphone.

Disclaimers: [1]The BlackBerry 8830 accepts microSD cards; the amount of storage is determined by card capacity. [2] CDMA Battery Life based on Based on CDG 35 suburban specifications. GSM/GPRS Battery Life based on GSMA PRD TW.09 Battery Life Measurement Technique. Results may vary. Network availability and coverage affect battery life and are dependent upon a number of factors, including location and transmission environment. [3]Check with your service provider for availability. Coverage is currently limited. Updates with broader coverage will be available in the future. For details on coverage areas visit www.blackberry8830.com. [4]Available for BlackBerry Enterprise Server for Microsoft Exchange and BlackBerry Enterprise Server for IBM Lotus Domino only. [5]When using PocketMac to synchronize between your BlackBerry smartphone and Mac applications, BlackBerry Enterprise Server integration features are not supported with PocketMac for BlackBerry. These features include redirector settings, account provisioning, corporate email reconciliation, etc. Exceptions to recurrence patterns for recurring appointments are not supported. There is no support for synchronizing over Bluetooth or serial connections (without a USB-Serial adaptor); only synchronizing over USB is supported. Bookmark sync is one-way only, from the Mac to the BlackBerry smartphone. Bookmark sync requires version 4.0 of the BlackBerry Device Software. [6]Integrating corporate email accounts requires BlackBerry Mail Connector or the BlackBerry Enterprise Solution. [7]Full wireless email reconciliation requires the BlackBerry Enterprise Solution. Otherwise reconciliation works from smartphone to source and is dependent on email provider, implementation and protocols. [8]All audio and video files must be transferred to the smartphone before playing. Files can be transferred via USB cable, smartphone browser application or Bluetooth. For a complete list of supported media file formats visit www.blackberry8830.com. [9]Use only those accessories approved by Research In Motion. Using any accessories not approved by Research In Motion for use with your BlackBerry smartphone may invalidate any approval or warranty applicable to your BlackBerry smartphone and may be dangerous.

Check with service provider for roaming arrangements, service plans and supported features and services. Certain features outlined in this document require a minimum version of BlackBerry Enterprise Server software, BlackBerry Desktop Software, and/or BlackBerry Device Software and may require additional development for access to corporate applications.
